TWENTY 23
COLLECTION

01

Jettribe has seen many changes over the past 25 years, but our mission remains the same. From our humble beginnings of selling products from the back of our car, to now multiple Jettribe locations around the world, we continue to design and manufacture premium PWC rider gear for watercraft enthusiasts and racers alike.

We do not know where the time has gone, but it has been an awesome journey. We are grateful for all the life-long friends we have made along the way, and all the cool places we have traveled throughout the world. The best is yet to come.

We are humbled and grateful for all of the continued loyal support from the watercraft community!

We can warm heartedly say that, we did not build Jettribe. Jettribe was built by our loyal riders that we call family.....

02

Gyorgy Kasza - I started racing jet skis in 2008 and then I decided I won't stop until I can stand next to the best racers of a world championship. In 2012 I won my first world titles at the World Finals in Runabout Slalom and Expert Runabout Open, but I didn't stop and I worked even harder to finally win the Pro Run Open and GP categories. 2016 was maybe my most successful year, when I won 5 categories in the Hungarian Championship, the Euro Tour in Belgium, the World Finals in the USA and the King's Cup in Thailand. I am not able to name a race I loved the most. I was racing for a decade almost every weekend, or at least every second weekend, so I am very lucky to gain lots of experiences and nice memories. However, I would not be able to achieve such success without all those people who support me: sponsors, mechanics, teammates, family, etc. Really a lot of great people stand next to me. The Jettribe team has been supporting me for 5 consecutive years and I am really happy to be part of the team. It feels like a big family, meeting people who love the same thing that I do. I hope I can make them proud in the future and continue our job together for a long time.

Ildikó Vásári- I was brought into the world of jet-ski racing by Gyorgy Kasza in 2012. He made me believe that I should start racing, and I have to admit he was right! My most successful seasons were 2016, 2018, and 2020. In these years I won the Hungarian Championship, the Euro Tour or the Alpe Adria Tour. There were so many good races during these years, it is hard to pick 1 or 2. I love racing in Vir, Croatia. It is a beautiful location with good waves; but also the World Finals is a favorite place of mine. I am a lucky member of the Jettribe Team since 2016. They started supporting me before I achieved my biggest results, and that felt really good. With the Jettribe Team I had the chance to travel to Malaysia, and meet some lovely people there, but sometimes we have the chance to travel to other locations.

Jonathan Phan - Ski stock 2020 World Champion, Ski stock 2019 West Coast Champion, Mark Hahn 2018 ski Champion. I have been fortunate enough to have met Tony Vo and the entire staff at Jettribe. They have been with me since my first day of racing and they were the first company to usher me into the exciting world of watercraft racing. Having the support from Jettribe is much more than a wetsuit... It's being treated like family and being given an opportunity when many others would not. Thank you for picking me up off the beach many years ago but most importantly thank you for your support and friendship. Because of Jettribe's generosity and the opportunities provided I am proud to say we are champions!

Ben Morris - 2017 Junior World Champs, 2019/20 New Zealand Series GP OPEN Class, 2019/20 New Zealand Nationals Pro lites and Runabout Rec lites I have been with the Jettribe team since 2017 and I have enjoyed the support and encouragement from them. They have given me the opportunity to travel the world. In December 2019 I got the opportunity to ride for the Jettribe Team at the Thailand World Cup. The experience was awesome. Knowing when I wear my Jettribe wetsuits and riding gear I'm not only getting gear that looks great, but I know it is going to last. Thanks Jettribe for your ongoing support!

Erminio Iantosaca - Jettribe is the best gear company there is! Not only does everything look great, it fits and works great as well. I started my journey with Jettribe in 2013 and never looked back. They have made me part of the family and I can't thank them enough. Together we have traveled the country and to Thailand. With Jettribe's help we have won 5 World Championships and 5 National titles.

Zsolt Cseke, 2021 Thailand WGP#1 World Cup Champion - Pro-Am Runabout Superstock (Kasza Racing Team)

Stian Schjetlein - 2020 UIM ABP Aquabike World Champion Pro Ski Gp1, 2nd place in Parallel Slalom, 6 World Championship titles, 4 European Championship titles total. I have been with Jettribe since 2013. The relationship with Jettribe has been really great for my career. Having a stable partner that I can always count on and that is really on my side in any and all matters is not something you find around just any corner. The warmth and love Jettribe has given me when I go to the USA and stop by the office for a little visit is not something you could ever expect elsewhere. I even brought a teammate that is partnered with a different brand to an office visit once, and she was overwhelmed and impressed by how much love there is within the Jettribe family. Having a good sponsor is great and all, but with Jettribe it is different. If I were to describe why in just three words, I guess I would have to go with; Family, Stability and Quality.

Antony Torelli - World Champion 2014, French Champion 2008, 1 Time Winner Grand Prix Mohamed 6, 5 Time Regional Grand Est Champion. I have been part of the Jettribe family for 6 years now and have had huge memories with them. For me, Jettribe was more than wetsuits and equipment, it was the events and the sharing of the team all throughout. I have learned many lessons with their assistance.

Bailey Cunningham - 8th Pro Runabout World Cup Thailand 2018, Winner National New Zealand Title, Winner Queensland Pro Runabout and Pro Enduro Titles in 2019. I have been with Jettribe for the past 2 years and it is fantastic to represent such a wonderful brand. Being part of the Jettribe family has given me the opportunity to meet and make many new friends from around the world.

Cameron Frame - 2x ProWatercross National Champion, 3x ProWatercross World Champion, 1x IJSBA World Champion. We started rocking Jettribe gear back in 2010. Since then we've seen Jettribe grow into a leader in the industry. When we switched from Jet Pilot I was skeptical at first, but once I saw how comfortable the gear was, I was sold! Tony and the crew have been great to work with over the years and I even got the opportunity to represent Jettribe in China, which was one of my favorite racing experiences. Jettribe is always developing new, unique styles and it's awesome to be apart of the Jettribe team!

Trey Frame - 3x ProWatercross National Champion, 1x ProWatercross World Champion. Our team signed on to ride for Jettribe back in 2010. In 2009 I was starting to notice Jettribe gear and how much they were supporting the sport of Jet Skiing. After meeting with Tony Vo at a race in WV, we decided to make the switch and never looked back! Jettribe is truly a racers brand and we were able to work closely with Tony and the Jettribe design crew. We worked on some sport specific protective gear and even had the opportunity to design our "Blackstar Race Edition Wetsuit / Vest Combo". Tony and the Jettribe crew are always pushing the limit of style and function and I'm very proud to be a rider for Jettribe!

PWC RIDE SUIT

11

12

Designed and engineered for the riders' maximum comfort, flexibility, warmth and mobility. "S-Tec" neoprene added for improved stretch and durability. Our wetsuits are built to stretch and move with a PWC rider.

Jacket

- Jacket can be worn with a sleeveless wetsuit john, shorts, or swim wear to stay warm
- Dual Purpose cut, not as restricting as a traditional wetsuit top (vest is worn over the jacket)
- Not an oversized cut like a tour coat

Sleeveless Wetsuit John

- 2.5mm neoprene with movement panels to help flex with a rider's movements
- Abrasion resistant wire mesh neoprene in the seating panel and knees
- All seams have an interlocking flat stitch to provide a watertight seal and maximum comfort against the skin
- Carefully selected neoprene for the right combination of thickness to retain a rider's body heat in various conditions

RIDE SUIT SIZE CHART

Size	Height(in/cm)	Weight (lbs/kg)	Chest (in/cm)	Waist (in/cm)
XXS	5'6 - 5'8 (168cm - 173cm)	115 - 130 (52kg - 59kg)	31" - 32" (79cm - 81cm)	24" - 26" (61cm - 66cm)

TOUR COAT

17

- Designed for those chilly days on or off the water
- Made as an additional overlayer to help keep your core temperature high, primarily in your chest area
- Protects from water splashes while on your ski and the cold, high winds when flying across the water at 80MPH
- Oversized cut to be worn over the life vest and wetsuit
- Pre-Curved elbow joins for added comfort and flexibility
- Proprietary compression process makes 5mm neoprene into 3.5mm for a lighter feel and better cold protection
- Bold and oversized screenprinted graphics
- Sizing Information: Order coat in the same size as your wetsuit. Coat is oversized to fit over a wetsuit and vest.

USCG (US COAST GUARD) SIDE ENTRY VEST

The new Jettribe USCG-P (US Coast Guard Approved) Side Entry Vest is IJSBA race legal all over the world. This vest is an excellent all-around vest for riding freestyle, closed-course racing, off-shore endurance racing and naturally, for recreation PWC riding as well.

The new incorporated name plate uses customized vinyl lettering (sold separately) that are heat-transferred directly on your removable back name plate. Show off your Name and Race Number from your local training spot all the way to the Lake Havasu World Finals.

The vest is speed rated to 100 MPH and race legal by sanctioned race organizations IJSBA & TJSBA

- Dual rescue handles
- USCG (US Coast Guard) Certification
- Triple 38mm buckles and webbing
- Removable heavy duty PWC lanyard D-ring
- Back Deflector compatible
- Made of Nylon & EVA Foam

SGS UR-20 FRONT ENTRY VEST

UR-20 Side Entry Vest has an incorporated pre-molded foam in the front and back. Instead of forcing a flat piece of EVA foam to wrap around a rider's body, the pre-formed mold allows the vest to flex and conform to each rider's chest and back.

The vest is SGS buoyancy rated to meet or exceed USCG flotation standards. Our proprietary process compresses a 4-inch EVA foam down to 2 inches for a light more comfortable vest with maximum flotation.

- Triple rescue handles
- SGS Buoyancy Certification
- Triple 38mm buckles and webbing
- Removable heavy duty PWC lanyard D-ring
- Back Deflector & Race Collar compatible
- Made of Nylon & EVA Foam

2020 World Finals Junior Ski Stock 10-12 2nd Place

Kylie Ellmers - My sponsorship came about from an amazing group of friends. The most important thing to me about my sponsorship is my friendship. I have never been interested in the money side of things. Being from the other side of the world, the best thing that can happen for me is to be able to turn up to a race meeting a long way from home and have friends I can rely on, that are willing to help me in any way they can. It's really hard for international riders to show up and be on the same playing field as local based riders with all their own resources. This is the essence of my sponsorship knowing that you have a team behind you, knowing there is someone to ask for help, knowing there is a pit site ready for you, knowing when things are tough you have people to talk to...this is how to succeed when you are starting from an outside position.

Jeremy Poper
5 time World Champion

Jettribe 25th Anniversary Edition - RS-25P Side-Entry Impact Race Vest. Updated style and enhanced features make this vest excellent for closed course racing, offshore endurance racing, and naturally for recreation PWC riding as well. The most important feature is the built-in high density, EVA compression molded chest plate. The plate in the RS-25 offers more protection than traditional life vests to help reduce effects from chest impacts.

New 25th Anniversary Features Include:

- Upgraded Black Lanyard Attachment
- New Velcro Patch Strap Attachment
- Enhanced Customizable Back Plate
- 3-Point Strap Reinforcements

The new patch attachment lets you further customize the look of your vest. Add your country's flag or any cool patch design (patches sold separately). The updated customizable name plate stays secure with stronger velcro attachment points. Add customization for your Name and Race Number (sold separately).

As always our 4-inch EVA flexible foam panel is compressed to 2 inch thickness for maximum flotation. Webbing are tacked down with a zig-zag bar tack. Extra durable 420 Denier with Honey Comb weave outer material. Compatible with the Jettribe Back Deflector.

Molded High-Density Chest Plate

Lanyard "D-Ring"

Designed with a custom female contoured cut to better fit a woman's physique. Wetsuits are engineered for the riders' maximum comfort, flexibility, warmth, and mobility. "S-Tec" neoprene for improved stretch and durability.

Hybrid Jacket Top Features:

- Hybrid Jacket with built-in hood for keeping warm between rides
- New Ergonomic Angled Marine Grade Zipper (designed at an angle, not straight up and down)
- Jacket can be worn with a sleeveless wetsuit john, shorts, or swimwear to stay warm
- Dual Purpose cut, not as restricting as a traditional wetsuit top (vest is worn over the jacket)
- 2.5mm neoprene in chest and back (works best for temps down to 50-55F degrees)

Sleeveless Wetsuit John Features:

- Abrasion resistant wire mesh neoprene in the seat and knees to prevent wear & tear
- 2.5mm neoprene (works best for temps down to 50-55F degrees)
- "S-Tec" neoprene for improved stretch and durability
- Movement panels for a PWC riders needed flexibility
- Left shoulder velcro entry
- Ankle zippers for easy on and off
- All seams have an interlocking flat stitch to provide a watertight seal and maximum comfort against the skin
- PWC Manufacturers recommend wetsuits to help protect your skin and body from injury in the event of a fall

Rescue Grab Handles

Interchangeable Lanyard Loop

25th Anniversary Edition - UR-20P Team Rider Side-Entry Life Vest. The main feature of a UR-20 Series Vest is the incorporated pre-molded foam in the front and back of the vest. Instead of forcing a flat piece of EVA foam to wrap around a rider's body, the pre-formed mold adds the ultimate in flexibility to conform to the rider's chest and back. The Jettribe UR-20P Side Entry Vest is an excellent all-around vest for free riding, freestyle, closed course racing, offshore endurance racing and naturally, for recreation PWC riding as well.

This vest is SGS buoyancy rated to meet or exceed USCG flotation standards. Our proprietary process compresses a 4-inch EVA foam down to 2 inches for a light more comfortable vest with maximum flotation.

New 25th Anniversary Features Include:

- Upgraded Black Lanyard Loop Attachment
- New Velcro Patch Strap Attachment
- Enhanced Customizable Back Plate
- 3-Point Strap Reinforcement

The new patch attachment lets you further customize the look of your vest. Add your country's flag or any cool patch design (patches sold separately). The updated customizable name plate stays secure with stronger velcro attachment points. Add customization for your Name and Race Number (sold separately).

- Universal fit for any Jettribe Side-Entry Vest: RS-16, RS-25, UR-20, and USCG
- JetPilot Side-Entry and QuakySense, Yamaha, Kawasaki FlySide-Entry Vest.
- High impact energy absorbing.
- External ABS plastic shell.
- Over-under locking velcro for added strength.
- The Back Deflectors are securely attached at six points.
- Meets IJSBA back protection requirements at all sanctioned races world wide.
- The only back protection gear designed exclusively for PWC racing.
- Designed to be worn over the side entry lifevest. The (First Layer) design to is reduce defect or defeat the accidental impact the farthest layer away from the rider's body.
- Constructed of a dual sandwich compression molded EVA foam. This rigid layer provides a semi-hard frame but is still flexible. The double EVA foam layers add addition flotation and impact energy absorbing factors.
- Floats independently, which means when attached to your race vest, it will not reduce the flotation of your vest.

STYLE	COLOR
JTG 20497	Black/Grey

The original race boot from Jettribe launched in 2011. Tested, tried, and proven by riders worldwide for a decade. This is our 5th generation boot - produced with continued research, development, and improvements. We are obsessed with quality and perfection. Our history speaks for itself!

- Rubber soles are designed with three raised contact points to accommodate a PWC rider's aggressive stance.
- Extra high neoprene cut limits rocks and gravel from getting in.
- 9 mesh flow through panels allow water to drain quickly.
- 2 adjustable velcro straps and extra-strong marine grade zipper for a custom fit.
- Pre-curved sole with arch support allows maximum comfort.
- Sole wraps around the sides and toe, limiting the lateral "side-to-side" movement.
- Built with water tolerant materials and reinforced sewing to prevent breaking apart after hard use.
- Tough rubber toe protects toes on rocky beaches.
- Unisex boot, based on men's sizing.

RASHGUARDS

65 With UV Protection, breathable and quick-drying, the Jettribe Rashguard is constructed with 20% Spandex and 80% polyester fabric, which provides lightweight, stretchy, and easy movement for riding PWC and other water activities. The comfort, fit, and design offer ultimate warmth and sunburn prevention for hours of PWC riding.

FLAT LOCK STITCHING - Flatlock stitching is an ideal stitching style for watercraft riding gear. The parallel stitching method is perfect for riding gear due to its strength and flexibility. Open to water penetration, the unique seam offers high performance and fast drying times, that complement the rashguard's light, breathable fabric. Count on flat-lock stitching to keep your long or short sleeved guard wearing great every day. The tight fit provides optimal staying power on even the roughest waters.

The Jettribe rashguard's fade-resistant coloring and design is made to enhance your time on the water. Make the most out of your next ride with this high performance and comfortable rashguard.

Fog Off is an anti-fog, anti-static lens cleaner. Safe for all lenses including tinted, poly carbonate and Rx lenses. Biodegradable solution. Helps reduce the chances of your goggles fogging while on the water, or during any outdoor activity.

STYLE	DESCRIPTION
JTA 12313	Fog Off Anti-Fog Spray

Fuel Containers by VP Motorsport are made with only the highest quality virgin high-density polyethylene, including 30% more material than standard containers to withstand the roughest treatment. Gas jugs have 5-Gallon Capacity. They feature an ergonomically contoured handle, plus bottom grip for easy pouring and a non-breakable multipurpose cap with rubber gaskets. Fuel Hose is sold separately.

Jettribe Rescue Board

The Jettribe Rescue Boards are rescue tow sled equipment designed to be towed by a PWC (Jet Ski) for fast rescue. They are lightweight and tough. The OLS® technology is patented in the USA and other countries. These high tech materials and construction are unique - there is no other like it in the world.

The internal aluminum honey comb stringer system (DAS) makes it much lighter than traditional rescue boards. This makes the sled fast and maneuverable. The tow-behind Jetski rescue sled is designed for use behind Personal Water Craft (PWC) to react quickly and arrive on time to a swimmer in trouble or a downed rider on a race course. Also, the towable rescue sled is the perfect equipment for tow-in surfing.

Worldwide professional associations rely on the Rescue Board as their vital rescue equipment such as Peruvian National Police, Surf Rescue Division, China closed Course PWC Racing, Yamaha of Thailand PWC Safety, and the USA IJSBA West Coast Closed Course Racing.

Size: 71" x 39" x 4.4" (180.34 x 99 x 11.18cm)

Weight: 23.1 lbs (10.48 kgs), Vol. 162 lts (613.24L)

Maximum In-water load: 520 lbs (235.87 kgs)

Special Programs for SAR, Military, IJSBA Affiliates, Coast Guards, and Training Camps

PRODUCT LINE	SIZE	MATERIAL	STYLE	COLOR
HOT WATER UR-20 VEST	XS, S/M, L/XL, 2XL	EVA Foam & Nylon	#JTG 20461	Grey / Black

New 25th Anniversary Features Include:

- Upgraded Black Lanyard Loop Attachment
- New Velcro Patch Strap Attachment
- Enhanced Customizable Back Plate
- 3-Point Strap Reinforcement

The new patch attachment lets you further customize the look of your vest. Add your country's flag or any cool patch design (patches sold separately). The updated customizable name plate stays secure with stronger velcro attachment points. Add customization for your Name and Race Number (sold separately).

The UR-20P Side-Entry Vest utilizes ink fusion technology, instead of traditional silkscreen ink. The ink fusion wraps and dyes the color around the yarn and fibers of the materials. This allows for a smooth, soft, feel to the vest. Plus, our foam second process is heat and pressure compression, which allows us to take a 4-inch EVA foam panel and compress it down to a 2-inch thickness. This process allows for a lighter and more comfortable race vest with maximum flotation.

VEST FIT CHART

Size	Chest (in/cm)
XS	28" - 32" (71cm - 80cm)
S/M	32" - 40" (80cm - 102cm)
L/XL	42" - 50" (107cm - 127cm)
2XL/3XL	50" - 60" (127cm - 152cm)

Stand-Up: Only 1 on the side,
2 on the rear

For added strength,
tie downs are sewn with
"X" box stitch over our
tough PVC material

PWC PREMIUM COVER

Experience matters. For over 25 years, Jettribe has been building quality OEM products for other high profile brands and companies. With this experience, we build our Jettribe PWC covers using fine-tuned craftsmanship, for more than two decades. Now featuring our fourth generation of PWC formulated proprietary protection material, Gen 4 covers continue to be used by Team Jettribe USA racers and professional racers to protect their skis while traveling throughout the United States and all over the world. Besides racers, watercraft enthusiasts rely on our Jettribe PWC covers to protect their skis while in storage, or trailering to their favorite riding spots. Jettribe covers have a history of quality and durability. Jettribe Premium covers offer the most water resistant, water repellant weather protection for your watercraft. Plus, our covers are specially built for trailering. Some cool features that set our PWC covers above the rest: We added four 1.5" webbing detachable tie downs, plus a "shock cord" bungee that surrounds the cover on the bottom leading edge. For weather resistance, our materials are specially UV coated wit the exclusive (CFM) material formulated only for Jettribe. It took us nearly two years to figure out the formulation! For water resistance, the materials are coated with three layers of clear PU or PVC backing to keep out the water. All of our seams are triple-stitched and finished off with binding. No exposed seams! The inside hood area is lined with soft nytex material to protect your PWC from getting scratched paint. All eye bow and pin areas are reinforced with a tough extra layer of nylon material. When fueling up, most of our covers have a gas flap opening. Talk is talk, but seeing is believing. Check our Jettribe covers at your local dealership. Jettribe Covers are of perfect fit, quality, finish, and a true work of art!

No exposed seams. All panels are finished with Nylon binding and triple stitched with Nylon thread for unbeatable shear toughness!

Javier Falcon

Age: 13 years old

Ski Model: 2021 Superjet #106

Top 3 Accomplishments: I made top 3 in the junior beginner class & plan on going further this year.

Why do you like racing?
"I love racing because of the challenge it brings & enjoying ripping the water."

Jaxon Lloyd

Age: 14 years old

Ski Model: Yamaha SuperJet #62

Top 3 Accomplishments: 1. Getting to World Finals for my first time. 2. Staying up on my Jet Ski and finishing the race no matter what. 3. Placing 2nd place to qualify for world finals.

Why do you like racing? "Over coming my fear and enjoying every minute of jet skiing."

Trent Cornette

Age: 12 years old

Ski Model:
Yamaha SuperJet #27

Top 3 Accomplishments:
1. 1st place out of Jr 10-12.
2. Getting better every time I get on my ski.
3. Getting to world finals for the first time.

Why do you like racing?
"Becoming one with my jet ski and feeling like I'm cutting the water."

Tristen Hiebert

Age: 11 years old

Ski Model:
Yamaha SuperJet #41

Top 3 Accomplishments:
1. 2nd place at World Finals
2. 7th place at World Finals
3. 2nd Time being at World Finals

Why do you like racing?
"Jet Skiing is all about being able to have fun!"

Hendrix Smith

Age: 14 years old

Ski Model: 2021 4S Yamaha Superjet, 2020 Yamaha Superjet

Top 3 Accomplishments:
2019 World #10 Jr Ski 10-12 Lites,
2020 World # 3 Jr Ski 10-12 Lites
2021 World #4 Jr Ski 13-15 4 Stroke Lites

2019 - 2021- JR Ski Champion- Mid America Racing Series

Why do you like racing? "I love racing because I get to travel and make new friends from all over the world and learn about their country."

Nicolas Fabbri

Age: 16 years old

Ski model: Superjet Superstock, Kawasaki 1500

Top Accomplishments:
3-time South American Champion
2-time Argentinian Champion

Andrew Vo

Age: 13 years old
My first race season was 2021, in the Junior Lites 4 stroke class

My Motivation? To make my parents proud.

How I got started? Larry Spector offered to let me try his 2021 Superjet for the first time. I gladly took the offer and the next day I raced for the first time, ended up 2nd in the Junior class and I was hooked.

I did well throughout the season and ended up placing first overall in the Jettribe Texas X Watercross Series.

Again, thank you to Larry "my mentor" for getting me started and coaching me. And my parents for their support by giving me a job to help pay for my racing.

Photo by: Brandy's Fine Designs

Ryder Wildeboer

Age: 15 years old

Race Ski/Classes:
Kawasaki 1500 Stock
Pro, Proforce Pro Ski GP,
Sport Spec Sea Doo HX

Why do you like racing?
"I love the racing atmosphere and the people around me."

Photo by: Ken Gallagher

Racing is my life and my passion, not just my job. The Jettribe family has been such a big part of my journey throughout my racing career. With Jettribe, it takes me to another level of embracing the speed, the thrill, the fear, and the constant danger. I'm grateful to the significant contribution Jettribe gives to every single race win, especially my best win which was at the Asian Games. Jettribe has always been there from the beginning, and they have been loyal to me, so therefore I do the same to them.

144

Aero Aswar - Multiple World Championships. Racing has been my passion from a very young age. The ups and downs are the key factors which make racing very priceless. The Jettribe family has always been very supportive through out my racing career. I got my first world title wearing Jettribe gear and I still remember when Jettribe was not as big as it is today. Jettribe may be a young brand compared to other similar competitors, but Jettribe has always pushed innovation by listening to their racers - and that's why I use Jettribe!

Casey Leech - Being a part of the Jettribe race family provides me with the opportunity of not only wearing the most advance tried and tested race-ready jetski gear, but also helps me to live a dream that has always been very close to my heart with my aim to win. The support and encouragement received from the Jettribefamily helps me to be the best I can be, to help me reach my goal. Each race meeting attended in both my home country and overseas enables me to promote the Jettribe brand both on and off the water. I'm very proud and honoured to be a sponsored rider and I will continue to promote the brand with the support provided from the Jettribe family.

Wyland Reden - 2020 Vintage Ski World Champion. I came aboard Jettribe in March 2018. In the short period of time I've had lifetime of opportunities. I've traveled to Hungary to meet the famous racer Gyorgy Kasza. There I got to train and race with his newly built ski. At the age of 14 years I was competing in open GP1 with guys twice my age. In 2019 I had the opportunity to race in Thailand at the World Cup. The event was a grand scale I had never seen before. Team Freedom Motorsports Thailand provided us with the greatest pits ever and a ski to race. Definitely next level racing. After 5 consecutive years I was able to pull off my 1st World Title. Some have said this was the most competitive 550 class they've seen since 1992.

Jettribe is the most recognized and well respected company in all of the jetski world. They are constantly improving the safety of the sport. The safety gear, wetsuits & apparel is superb! I am super honored and it's a privilege to be part of the Jettribe family.

Luke Thomson - UK Rider, Podium finish JSRA 2020 Super Cup Championships. I am always proud to be a Jettribe Brand Ambassador and wear Jettribe gear. I am very fortunate to represent them on the water. I always try to promote them as much as possible wherever I am and wherever I go and feel very proud to do so.

"I love racing to show my skills and represent my home country of Morocco"

-Mouad Salhi
 @mouadsalhiofficial

I have been watercraft racing for 25 years. My first race was at a local winter series in Lake Havasu where I won my first race in Novice Women's Runabout on my 650 XP...I was hooked on runabout racing. While raising a family and teaching full-time, I won my first World Championship in 1999 in Novice Women's Runabout with **Jettribe USA** as one of my first sponsors. Since then, I have participated in 23 World Finals and 4 Mark Hahn events. Besides winning our class in the Mark Hahn 300 in 2016, the Women's World title has eluded me for the past 21 years. I had plenty of podium finishes, but not another number one...until 2020 where I finally achieved this goal again aboard my Yamaha FX and **Jettribe** was right there with me. I appreciate all the support Jettribe USA has given me since 1997 keeping me decked out in stylish gear on and off the race track.
 - Renee Hill

"The thing I love the most about the sport is the family feel and friendships you gain throughout the sport, but most of all the adrenaline you get from lining up with the best in the world."

- Tim Miller
 @deplorable-racing

Aaron Cress was a kind-hearted, generous man and served as a beacon for many individuals. His dedication and passion for the watercraft industry enabled him to help countless riders and racers worldwide. 20 years within the industry Aaron led many individuals and race teams to countless championships. He was that catalyst that brought people together. Competitor or foe he was always willing to lend a helping hand. A truly genuine individual, you will be missed dearly my friend.

An employee of Factory Kawasaki, lead technician for PwcOffshore Racing, husband, father, and friend. The entire watercraft community mourns the loss of Aaron Cress. Gone but never forgotten.

Aaron Cress 1983-2020
